

iVittamobile 2.0

Seafarers' House is pleased to distribute the newly updated iVittamobile 2.0, the roaming SIM with NO roaming charges – powered by EE as well as being the largest 4G provider in Europe. EE is the UK's most advanced digital communications company, which offers a 1st class service of call quality and speedy data.

The iVittamobile 2.0 SIM Card has been designed using custom software and intricate new technology. The SIM is groundbreaking in that it offers a genuine global product that can be used worldwide to make and receive calls and texts at the lowest possible price.

The iVittamobile 2.0 SIM is an easy to use SIM with no call back, real SMS and simple data usage set up.

For the seafarer, it means that just one SIM can be used wherever they are worldwide for great low rates for both calls and data.

The main benefits include:

- Great rates to call back home from EU/USA and beyond
- The BEST PAY AS YOU GO Data rates. No commitment to large bundles. No time clock on usage
- FREE INBOUND CALLS
- Best SMS rate vs any other SIM. Only 5c per SMS (from EU, USA & Canada) - to anywhere in the world.
- Inbound number is EE standard number - easy and cheap to call
- Open for all networks to call
- No SIM expiry. SIM stays active when seafarers go on leave
- Same easy to understand tariff in 30+ countries - flat rates to call, SMS and use Data Over 70+ places to add credit in ports around EU/USA and beyond. More ports coming on board all the time
